

## **Bike Category Descriptions**

**Toys:** Two-wheeled or three-wheeled scooters; pull along trailers

**Trikes & Striders:** Tricycles; two-wheeled striders with no pedals (aka a balance bike)

**12" Coaster:** Girls and boys bikes with 12" wheels and coaster/pedal brakes. Some may have training wheels on them.

**14" Coaster:** Girls and boys bikes with 14" wheels and coaster/pedal brakes. Some have one or two hand brakes in addition to the coaster brakes. This bike size is unusual, so there aren't many of them.

**16" Coaster:** Girls and boys bikes with 16" wheels and coaster/pedal brakes. Some have one or two hand brakes in addition to the coaster brakes.

**18" Coaster:** Girls and boys bikes with 18" wheels and coaster/pedal brakes. This bike size is unusual, so there aren't many of them.

**20" Coaster:** Girls and boys bikes with 20" wheels and coaster/pedal brakes. Some have one or two hand brakes in addition to the coaster brakes.

**20" BMX:** Mostly boys bikes with 20" wheels and hand brakes. No coaster/pedal brakes. Single speed only. Some BMX bikes have pegs on front and back wheels. On some BMX bikes, the front wheel/handlebars can be turned 360 degrees.

**20" Multi:** Girls and boys bikes with 20" wheels, hand brakes, and multiple gears for shifting.

**24" Mountain:** Girls and boys bikes with 24" wheels, hand brakes, and multiple gears for shifting.

**26" Mountain:** Girls and boys bikes with 26" wheels, hand brakes, and multiple gears for shifting. Typically have wider, ridge tires. Some bikes have front/back shocks.

**Adult:** 26" and larger tires (700c, 27", etc.). Crossover/hybrid bikes, "city" bikes, cruisers, single speed, drop bar road bikes, etc. Multiple gears or single speed. Hand brake or coaster brake.

## **Common Brands**

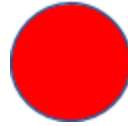

**Higher quality:** Trek, Diamondback, Specialized, Gary Fischer, Giant, Schwinn, Raleigh

**Lower quality:** Huffy, Magna, Next, Pacific, Murray, Roadmaster, Mongoose
